OUR
ALPENROSE RESORT

SPA & WELLNESS CENTRE

It is time to find what you are looking for ...

Where do we go when the time is ripe and we desire more? What are we drawn to when we want to start anew, or we wish to surrender ourselves to golden memories?

Where is the place where we can listen to that inner voice and feel ourselves alive?

Where we become aware of our wishes and our needs can be fulfilled?

We search for authenticity, for the proximity to life itself and to our selves. In the unspoiled scenery of the Lechtal valley we offer you the space and the company where your dreams can be realised and you may find harmony and clarity.

Decades of experience have made us sensitive to the needs of our guests and have shown us the way to satisfy them and to meet the necessary requirements.

We would like to invite you to accompany us for a while along this path.

With élan and attentiveness we continue in the 70 year old family tradition and to the best of our ability to make your holiday with us a really special experience. We would like to use our own attachment to our home land and our love of nature as an opportunity to show you the Lechtal valley, Elbigenalp and our Alpenrose Hotel at their best and to draw your attention to what is special here with us.

We are proud of our team who make a great effort on behalf of our guests and who share our values. It is a pleasure to welcome you and to get to know you!

We wish you all the best

The sunny, snowy winters of the Lechtal valley

Placid winter sports practically originated in this fairy-tale snowy landscape. Enjoy kilometre-long cross-country skiing tracks and walking trails along the Lech river and across glittering fields bathed in sunshine.

Go on romantic horse-drawn carriage trips or snow-shoe hikes, enjoy ice sports and tobogganing or just breathe in the clear, healthy mountain air.

Allow the idyllic surroundings to have their full effect.

For skiers there are many skiing areas with modern lifts nearby. These can be reached free of charge by using the ski buses which run every hour.
