## Winter Short Text

### Hotel Alpenrose – The Wellness Oasis

Come here, come to life. The sun rises over the mountains. Everywhere glittering white. Piles of firm snow on the roofs and thick icicles hung on the gables of the houses. In this idyll of the Tyrolean Lech Valley – an untouched river country with charming little towns - lies our wellness and family hotel Alpenrose. A paradise for anyone who enjoys life, looks for some rest and loves nature. Traditional ambience and modern comforts melt together and generate a breathtaking atmosphere.

Real luxury is time. Inside our Wellness-Schlössl, flooded with light and connected to our hotel through a subterranean passage, you can discover a sense of eternal well-being. Relaxing in our panoramic indoor swimming pool, having an ayurvedic facial massage, taking an original hay bad or enjoying one of our numerous beauty treatments – care of the soul and rest for the body melt together in order to create a perfect and harmonic whole. Stress-free training at our ultramodern WellFit-Center with full-time coaching is a must.

Being active is fun and is healthy. Cross-country skiing is absolutely great in our region. Through the many trails you can directly reach the wonderful winter landscape from our hotel. You can enjoy this also by horse-sleigh or during a walking tour. A few minutes away from our hotel there are a drag-lift and two special ski lifts for beginners. The famous skiing area of Arlberg is only 30 minutes from here. Thanks to our parking garage you can drive by car without having problems with ice and snow. Otherwise you can use the ski bus that stops in front of our hotel. After coming back from your daily excursion you will enjoy pure comfort, e.g. in our lobby where fire flares and crackles in the open fireplace. You will feel yourself at home!
